The premises may be occupied only by the authorized occupants. Subletting, assignment, and short-term rental use are prohibited without the landlord's prior written approval. The landlord is willing to consider reasonable exceptions when requested in advance; tenants must communicate promptly and keep the landlord informed.

Tenant will use the premises as a residence, keep it reasonably clean and safe, promptly report damage or unsafe conditions, and avoid conduct that unlawfully interferes with neighbors or damages property. Normal wear is not tenant damage. No alteration, additional lock, painting, or fixture installation may be made without prior written approval, except as otherwise allowed by law.

Maintenance request method and emergency contact

Landlord entry, repairs, habitability duties, smoke and carbon-monoxide alarms, and tenant remedies are governed by current Oregon law. Except for emergencies and other lawful exceptions, entry requires the notice and reasonable timing required by ORS 90.322. Nothing in this agreement waives a nonwaivable right or duty.

Renters insurance required?
