Late Payment Arrangement Request

Complete and save this PDF. Attach it to a message from your tenant dashboard at bowlinglegacy.com. Keep your dated submission and review replies in My Requests. Enter the same rent month and payment date in the dashboard. Only written landlord approval pauses assessment; a request alone does not.

Tenant full legal name

Property address and room / unit

Landlord / authorized recipient

Tenant phone / email

Rent month (YYYY-MM)

Promised payment date (YYYY-MM-DD)

Amount and proposed payment method

Tenant signature / typed name

Date signed (YYYY-MM-DD)

Submission and delivery instructions

The tenant dashboard at bowlinglegacy.com is the most effective way to reach management for maintenance, notices, documents and payment arrangements. Download a fillable PDF, save it, then attach it to a dashboard message. A dated copy is filed in your resident record and landlord inbox.

This submission is filed for landlord review. It does not change rent due dates, authorize entry, establish emergency response or create an approved agreement by itself.

An agreed late fee is added automatically to the balance on the day after the applicable legal and lease pay-by period expires, only under a valid written late-fee policy. Fees stay separate from rent. Painted Lady: rent due on the 1st, pay by 11:59 p.m. Pacific on the 5th, one $25 fee on the 6th. Belmont: pay by 11:59 p.m. Pacific on the 8th, one agreed 5% fee on the 9th, only if lawful and reasonable. Contact the landlord through the dashboard before the deadline, state when rent will be paid, and obtain written approval to avoid the fee. A request alone does not pause a fee. An approved arrangement pauses assessment through the approved payment date; if rent is not received by then, the agreed fee may be assessed the following day.

Landlord mailing address and formal-notice contact: use the details in your signed lease or supplied notice information. Request a copy from management if needed. Keep proof of any separate lawful delivery.
